

Download software

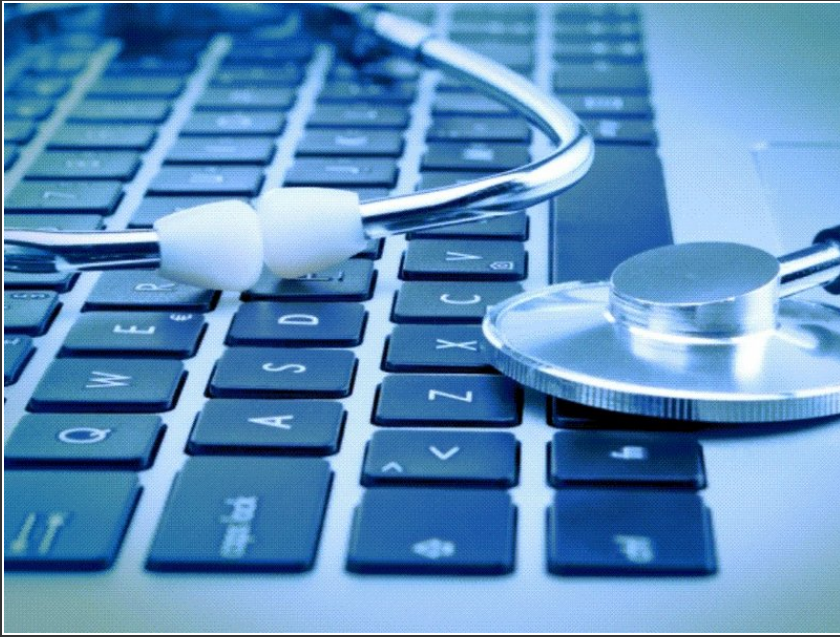

Written By: Tanya Taylor

INTRODUCTION

Use this guide to install AirCal 1000 software on your PC.

Step 1 — Check computer

- Before you start, make sure your PC has the following:
 - CD-ROM drive.
 - USB to RS232 serial port converter.
 - Windows OS version 2000 or later.
 - Minimum 100 Mb of spare hard drive space.
 - Recommended 512 Mb RAM or more.
 - Recommended 1 GHz processor speed or faster.

Step 2 — Install software

- Insert the CD that came with your AirCal 1000 into your computer's CD-ROM drive.
- Copy the AirCal 1000 V1.1 zip file from the CD to your PC.
- Unzip the file and install the AirCal 1000 V1.1 software.
