aeroqual

AA Quick Start Guide

The quick start guide will help you set up and start using your Aeroqual Ranger™

Written By: StJohn Vuetilovoni

Step 1 — Powering on Ranger

- Press the **POWER** button to power on the instrument.
- An LED will illuminate on the front of the display.
- Please wait 15 seconds for the start-up sequence to complete.
- From the splash screen, press **ANY BUTTON** to proceed.

Step 2 — Powering off Ranger

- Press and hold the **POWER** button for five (5) seconds.
- Please wait for the shut-down screen to appear.
- The instrument will now power off.
- In the event the instrument experiences an irrecoverable failure, a hard reset can be performed by holding the **POWER BUTTON** and **DOWN ARROW** simultaneously for 20 seconds.

Step 3 — Main screen

- (i) Upon startup, the main data display page will be shown.
- ③ The main screen contains real-time measurement data coming from the sensor head connected to the instrument. On the top, it displays time, recording status, Wi-Fi connection status, and battery/charging status. On the bottom, it displays Location ID and date.
- Press the LEFT and RIGHT ARROWS to navigate between Summary, Detail, and AQI display screens.
- In the AQI screen is available only while using the PMX sensor head.

Step 4 — Data and AQI Screens

00:14 ● ■ 78% PM₂-s (μg/m³) < 0	00:14● ■ 78% PM₁₀ (μg/m³) ← 1	00:14 P78%
Sensor State Healthy	Sensor State Healthy	
Maximum (1hr) 10	Maximum (1hr) 12	PM ₂₋₅
Minimum (1hr) 0	Minimum (1hr) 3	CalOSHA
Average (1hr) 5	Average (1hr) 6	<51 <101 <151 <201 <301 <501
Location 01 Dec 22/21	Location 01 Dec 22/21	Location 01 Dec 22/21

- If the sensor head is able to measure more than one parameter, then a Detail screen is available for each parameter.
- Scroll through each parameter's Detail screen by using the **LEFT** and **RIGHT** arrows.
- ⓐ An Air Quality Index (AQI) will be visible if the AQI feature is turned On
- Scroll through the AQI screens by using the **LEFT** and **RIGHT** arrows.
- (i) The AQI screen is only available while using the PMX sensor head.

Step 5 — Configure Settings

oeroouo ^{l%}	S		
	Sensors	All Healthy	
	Logging	On	\rangle
	WiFi		>
$\langle \rangle \rangle \rangle$	AQI	On	\rangle
	Units		\rangle
	Alarm	On	\rangle
	Calibrate		\rangle
	System		>

- To enter the settings menu, press and hold the **LEFT ARROW**.
- To exit the settings menu, press and hold the **LEFT ARROW**
- For more details, visit the <u>Settings guide</u>

Step 6 — Configure Time Zone

Settings: System				Syste	em: Tir	me Zo	ne	System: Time Zone					
(Clock	12hr	City/T2	Z chi			~	America/Chicago					
l	LCD	>	1	2	3	4	More	America/Chihuahua					
E	Button Volume	. Off	5	6	7	8	CAPS	CST -06:00					
E	Batterv	Time left	9	0	а	b	Space	+09 +09:00					
5	Time Zone	America/Chicago	С	d	е	f	Delete	Asia/Ho_Chi_Minh					
		, and a second sec	g	h	i	j		+07 +07:00 Asia/Karachi					
			k	I.	m	n		PKT +05:00					
			0	р	q	r		Asia/Kuching					
			s	t	u	v		+08 +08:00 Europe/Chisinau					
			w	х	У	Z	Cancel	EEST +03:00					
			н	;	:	!	Submit						

- Navigate to Settings > System
- Select Time Zone
- Enter the name of a large city in your preferred time zone, and select Submit
- A list will appear. Select your city from the list.
- Your time zone has now been set
- <u>Video of steps</u>

Step 7 — Data Logging

- To start and stop Logging from the Main Screen, press and hold the CENTER BUTTON.
- As long as logging is enabled, a red circle will appear at the top of the Main screen.
- For more details and more options, please visit the <u>Settings guide</u>

Step 8 — Configure Wi-Fi

Settings					Aeroqual						
Sensors	All Healthy			ATTWU8RqXi	~	Pas	Password		er11	1	
Logging	On	>			Aeroqual	((i,	1	2	3	4	More
Wi-Fi		>					5	6	7	8	CAPS
401	On	>					9	0	а	b	Space
AQI	on	/					С	d	e	f	Delete
Units		>					g	h	i	j	
Alarms	Off	>					k	I.	m	n	
							0	р	q	r	
Calibrate		>					s	t	u	v	
System		>					w	х	у	z	Cancel
Language	English							;	:	ļ	Submit

- ② Logged data is accessible through Ranger Cloud, which requires Wi-Fi, or via a USB Cable.
- From the Settings menu, navigate to the Wi-Fi > Networks submenu.
- Select the Wi-Fi network you want to connect to
- Enter the Wi-Fi network's password
- Select Submit
- \triangle The password is case sensitive.

Step 9 — Data Access

- Data logged on Ranger is accessible from <u>Ranger Cloud</u>, or by download with a USB Cable.
- As long as Wi-Fi is enabled on the instrument, all logged data is immediately synchronized to Cloud.
- Log into Cloud
- If you have trouble accessing your login, contact support@aeroqual.com
- Click on "Manage Data" to access your data.
