This document was generated on 2022-05-10 06:22:43 AM (MST).

Step 1 — Enter Manage Data app

 From the Aeroqual Connect or Aeroqual Cloud home screen, click
 Manage Data.

Step 2 — View data in chart

- To view data in chart format, select **Charts** from the side menu.
- Select a date range.
- Select an averaging period.
- Air quality data readings are taken continuously (minute or sub-minute intervals) and this averages that data over a longer period of time.
- Click Update.
- Scroll down to see data for each channel.
- Hover over point in line to see more information.
